PRESSWATCHRANKINGS Annual 2008

Since the first report was published in 1988, Presswatch Rankings has maintained its position as the only independent audit for corporation reputation study in the UK used by the leading FTSE companies. Now in its twenty-first year, Presswatch Rankings continues to maintain prominence in PR industry journals and National Media, and continues to be cited in annual reports and company collateral as **the** source of reference.

How it works

Presswatch Rankings evaluates over 1,500 of the most talked about companies in the UK National Press, citing both positive and negative comment. Detailed results are presented in league tables to identify the best and worst performers – an independent and credible standard for benchmarking your company against peers and competitors.

The report produces key indicators enabling Communication Professionals to understand how their company is perceived and the competitiveness of their reputation. Presswatch Rankings tracks the media every day and has 21 years' of data available for retrospective analysis and benchmarking.

Copies of the full methodology are available on request from the Editor, Dominic Mills (contact details overleaf).

Detailed analysis of over 120,000 articles about the financial services industry, updated monthly.
